Just a - no - ther day Much like yes - ter - day Life just keep pass - ing by

Don't know what to do Drown.. and feel-ing blues What would life be with out you?

Trying to stop a sigh Mid - dle of the night Wish these feel - ings just go a - way

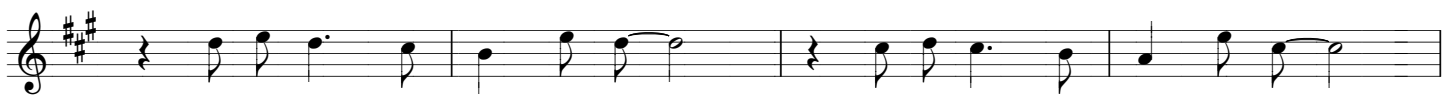

Miss the way you smile Sweet look in your eyes Touched me deep in - side e - ry night

Life is hard since you've been gone Feel - ing lost with - out you home

Miss - ing you is all I do most ev - ry night.. all through my days..

It's so sad when we're a - part Ach - ing pain from bro - ken heart

Dev - vas - ta - tion from being a - lone I'm lost with - out your love

Ano - ther day is gone As if no - thing's wrong Life just keeps mov - ing on Full of mis - ser - y

Sad as it can be Wish - ing you were here be - side me
